

Quality And Food Safety Policy

Mid South Extrusion strives for continuous improvement in providing blown film products that meet the mutually agreed upon requirements of our customers.

To that end, we focus on the following:

- Enhancing our products with superior customer service and timely delivery of undamaged products;
- Recognizing and prioritizing food safety for products used in food related services;
- Communicating with customers, employees, suppliers, and other interested parties in a timely, informative, and directed manner;
- Ensuring that our products meet or exceed statutory, regulatory, and customer requirements appropriate to their application;
- Providing the means and opportunity for employees to build knowledge and skills necessary for competency and growth in their jobs;
- Performing prescribed, periodic reviews of the Quality Management System and the objectives of that system to drive continuous improvement.
